CLASS DESCRIPTIONS

BARRE - Barre is a low impact, high intensity workout, that incorporates elements of Dance and Pilates to elongate muscles and work them to fatigue.

BODY ATTACK™ - A sports-inspired cardio workout to build strength and stamina. This high energy interval training class combines athletic aerobic movements with strength and stabilization exercises. Dynamic instructors and powerful music help motivate to achieve fitness goals .

BODY COMBAT™ A Mixed Martial Arts cardio training class designed for all fitness levels which includes styles like Boxing, Brazilian Capoeira, Muay Tai and Tai Chi. You will be taught the basics of the moves in a warmup and then challenge yourself through varying peaks of intensity.

BODY PUMP™ A one hour class of intense work that targets every muscle group in a “weight lifting” setting using barbells and weight plates. Great way to increase power and strength.

BODY SCULPT This class provides muscular endurance work using the body's own weight, tubing, weights, and/or steps for resistance. Provides a challenge in further strengthening and contouring muscles of the upper and lower body.

DANCE FIT – A Zumba inspired dance workout with additions of hip-hop for a great hip shaking, move making, cardio workout. Fun and energizing for all fitness levels.

FIT FLOW YOGA - A flow designed to raise the heart rate while incorporating resting and stretching postures, to give you a healthy workout and leave you feeling fresh and energized.

LES MILLS GRIT STRENGTH™ - 30 minute High Intensity Interval Training (HIIT) training focused on weighted movements to increase muscle performance and reach up to 85% heart rate for short intervals. This class uses barbells, plates and bodyweight exercises to make you strong, toned and unbelievably fit.

LES MILLS GRIT™ COMBO – A fusion of Grit Strength, Grit Cardio and or Grit Athletic. A 30 min HIIT workout, focused on increasing speed, agility, and athletic performance. Your instructor will combine body weight, plyometric and weighted movements for maximum intensity.

PILATES - Pilates is a method of exercise that consists of low-impact flexibility and muscular strength and endurance movements. It emphasizes proper postural alignment, core strength and muscle

balance. It is designed to lengthen the muscles while you strengthen them.

POWER CORE – 30 minute class designed to strengthen your core muscles, including your entire abdomen, low back and glutes. This class utilizes a variety of equipment to create power and stability for your core muscle groups, which help to power all of your movements.

POWER YOGA - This class uses dynamic, challenging yoga sequences moving swiftly through each pose. Instructor emphasis is to tire, stretch, and strengthen the body increasing stamina.

RELAXATION YOGA - Relieve stress and gain serenity with a practice that combines mild physical poses, controlled breathing, meditation and relaxation by way of loosening physical and mental tension. Result - you feel completely restored emotionally and physically and your body will simply LOVE you!

SilverSneakers® CLASSIC - Have fun and move to the music through a variety of exercises designed to increase muscular strength, range of movement and activities for daily living. Hand-held weights, elastic tubing with handles, and a SilverSneakers ball are offered for resistance. A chair is used for seated and/or standing support.

YOGA STRETCH – A yoga experience focused on connecting mind, body and length. This yoga flow will take you through a series of poses that will lengthen the muscles and deepen the connection of breath and muscle activation and release, leaving the body feeling invigorated, yet free of tension.

YIN YOGA – A yoga practice that stretches and targets both the deep connective tissues between the muscles, and the fascia throughout the body. The aim is to increase circulation in the joints and improve flexibility.

ZUMBA® - This class consists of routines using fast and slow rhythms and resistance training combine in this interval training session to tone and sculpt your body while burning fat. Add some Latin flavor and international zest into the mix and you've got Zumba®.

ZUMBA GOLD® - Designed for active older adults who are looking for a modified Zumba® class that recreates the original moves you love at a lower-intensity. The class introduces easy-to-follow Zumba® choreography that focuses on balance, range of motion and coordination. Come ready to sweat, and prepare to leave empowered and feeling strong.

CYCLING

BOOTCAMP CYCLE- Bursts of high intensity intervals on the bike with strength or cardio-vascular efforts off the bike. Off the bike intervals could include jump rope, weights, running or hitting the punching bag to name just a few.

CAPACITY CYCLE - Raise your fitness and Vo2max. This ride helps to improve your Functional Threshold Power (the amount of effort or watts you can sustain through a workout), to continually grow and push you to your edge.

CYCLESULPT – An interval class designed to be on and off the bike. Enjoy sets on the bike to raise your heart rate, then hop off the bike for muscle sculpting sets using hand weights, bands and body weight. You will burn mega calories while toning your muscles.

ENDURANCE CYCLE - This class builds an aerobic foundation (improves heart and lung capacity) and increases aerobic capabilities. It provides a balanced amount of intensity and volume. Think longer intervals and sustained effort. Exercising in your aerobic zone boosts your fat burning ability.

HIIT 30 CYCLE- High Intensity Interval Training. An effective way to stimulate caloric “after burn”. This 30 minute class focuses on maximum effort with intervals of recovery.

INTERVAL CYCLE- This class is based on intervals, hills and sprints all set to music that will make you want to move. If you like a challenge and then to get a quick recovery reward for your hard work, this is for you!

WATER AEROBICS

AQUA CARDIO CHALLENGE- Shallow total body workout with an emphasis on cardiovascular conditioning. This class is taught at a high fitness level with modifications to encourage everyone to grow individually and work at their own abilities. This class utilizes buoyancy and drag equipment for additional strength training.

DEEP WATER INTENSIVE - Suspended deep water workout using provided flotation belts. Enjoy a full body, non-impact workout while improving flexibility, cardiovascular fitness, toning, and core strengthening. Participants do not have to be able to swim to participate in this class
